4th Grade Entrepreneurship Program

This year, Change for Kids is collaborating with Tomorrow's Entrepreneurs, to work with our 4th grade students. Through the use of STEM, the young entrepreneurs will identify a community need. Students will learn the skills of business planning and how to problem solve. The program will have two culminating events in the spring.

Black History Month

February is Black History Month. Black History Month actually started as Negro History Week in 1926 by Carter G. Woodson. He was a historian, a man who studied history, and wanted to find a way to encourage the interest and study of black history. He chose the month of February because he wanted to honor the birthdays of two men who helped to abolish slavery. These men were Abraham Lincoln and Fredrick Douglass. In 1976, Negro History Week became Black History Month. This year at P.S. 329, we will celebrate the achievements of Black Americans who have made a difference and still inspire us to strive for excellence.
